

Sugar Valley Farm

(2002, 180acres)

Frank House

Somers Twp., Preble Co.

This conservation easement protects an entire 180-acre farm in Somers Township, west of Camden. The property includes unusual species of plants and animals, beautiful limestone formations, a natural wetland area, waterfalls, and 75-foot limestone bluffs on the banks of the Paint Creek. Cultural features such as arrowheads and Native American tools are found on site and evidence of 160+ years of farming, and sections of old barns still exist.
