

## Taylor Family Farm

(2003, 277 acres)

Oxford Twp., Butler Co.

This conservation easement permanently protects natural and agricultural values on a 76.7-acre property on Brown Road, just outside of the Oxford corporate limits. This lovely farm is one of the closest to Oxford and connects to the Beck Easement via a riparian easement on adjacent land. The property features uncommon species of plants and animals, including remnants of an old-growth hardwood forest, riparian corridor along Four Mile Creek, a natural pond, and 50 acres of tillable agricultural land.

## Janis, James & Susan Taylor 78 - Acre Easement
